## World's Best Channel Letter Assembly Tool

WE BUILD MACHINES SO YOU CAN BUILD YOUR BUSINESS.

### ACCU-CLINCH 620 Specifications

- ➔ **Overall Dimensions**  
36" wide  
67" tall  
40 1/4" deep
- ➔ **Air Requirements**  
90-120 psi  
100 psi recommended  
.01 cubic feet of air per clinch
- ➔ **Work Area**  
Table: 36" x 28"  
Throat depth: 20 3/4"
- ➔ **Cycle Time**  
1/2 second per clinch

Built to quickly and easily fasten aluminum or light steel parts together, the Accu-Clinch is the fastest way to assemble metal components to create a completed channel letter. With the Accu-Clinch, your operators can attach a back to a standard 24-inch channel letter in a matter of minutes.

The Accu-Clinch uses a bottom punch and top die to press-form two pieces of material together without rivets, staples or stitches, cutting the cost of consumables.

Cut the high cost of labor and consumables, and get the job done right with an Accu-Clinch.

- ➔ Attaches aluminum backs to .040 or .063 aluminum returns
- ➔ Fast - up to 120 clinch-per-minute rate
- ➔ Easy access - punch quickly rotates out of the way to load letter
- ➔ Adjustable for letters from 1" to 6" deep
- ➔ *Optional* .080 to .080 aluminum capability
- ➔ *Optional* Reverse Punch-Die to attach smaller flanges
- ➔ **Includes a 3-year warranty**
