

ACCU-BEND FREEDOM

NEW Trim Cap option can be added*

**PRICES
START UNDER
\$21,500**

Notch and Bend **Trim Cap** and **Aluminum Coil** on the same machine!

This revolutionary **TABLE-TOP** Accu-Bend machine can do what full-size bending machines can, but in a compact, portable size at an affordable price. Use the channel bender on a workbench, rolling cart, or shop counter.

FREEDOM IS FOR EVERYONE!

Whether you purchase letters from a wholesaler, produce channel letters now and want to add production capacity, or are just entering the channel letter business, this space-saving Accu-Bend FREEDOM bending machine is for you!

FEATURES

TRIM CAP CAPABILITY. With the Trim Cap Option, you can use your Accu-Bend Freedom to form trim cap material to any contour.

MORE PROFIT PER LETTER. No need to buy wholesale. No more bending letters by hand.

SAVE SHOP SPACE. Space-saving table-top model. For use on a workbench, rolling cart, or shop counter.

SIMPLE TO USE. No special skills are required. Set up and run letters the day it arrives.

QUICK TURN-AROUND. Produce channel letters quickly. Control your production.

PRECISION. Consistent and repeatable letters day-in and day-out.

ADD PRODUCTION CAPABILITY. Already have a channel letter bender? Add the FREEDOM for increased production.

EFFICIENT. Runs on 110V AC power and shop air. Just plug into a standard outlet and go.

MADE IN THE U.S.A. Computerized Cutters has the industry's leading 3-year warranty because we believe and take pride in our quality and workmanship. Our technicians take pride in providing every one of our customers with the best service available.
