

ACCU-BEND FREEDOM

**3 YEAR
WARRANTY!**

It's never been easier to start manufacturing channel letters

This revolutionary **TABLE-TOP** Accu-Bend machine can do what full-size bending machines can, but in a compact, portable size at an affordable price. Use the channel bender on a workbench, rolling cart, or shop counter to save space in your shop.

FREEDOM IS FOR EVERYONE!

Whether you purchase le'ers from a wholesaler, produce channel le'ers now and want to add production capacity, or are just entering the channel le'er business, this space-saving Accu-Bend FREEDOM bending machine is for you!

MORE PROFIT PER LETTER. No need to buy wholesale. No more bending letters by hand.

SAVE SHOP SPACE. Space-saving table-top model. For use on a workbench, rolling cart, or shop counter.

SIMPLE TO USE. No special skills are required. Set up and run le'ers the day it arrives.

QUICK TURN-AROUND. Produce channel le'ers quickly. Control your producton.

PRECISION. Consistent and repeatable letters day-in and dayout.

ADD PRODUCTION CAPABILITY. Already have a channel letter bender? Add the FREEDOM for increased production.

EFFICIENT. Runs on 110V AC power and shop air. Just plug into a standard outlet and go.

MADE IN THE U.S.A. Computerized Cutters has the industry's leading 3-year warranty because we believe and take pride in our quality and workmanship. Our technicians take pride in providing every one of our customers with the best service available.
